July 9, 2024

Dear Montcalm County Municipality,

On June 14, 2024, the Montcalm County Designated Planning Agent (County Controller), on behalf of the Montcalm County Board of Commissioners, filed the County's Notice of Intent with the Department of Environment, Great Lakes, and Energy (EGLE) indicating that Montcalm County will be creating and implementing their own Materials Management Plan.

The Montcalm County Board of Commissioners, acting as the County Approval Agency for the State of Michigan's newly updated Materials Management Plan (per Part 115, Solid Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA451, as amended), voted earlier this year to create and develop their own plan, and to not partner with any adjacent counties, due to the robust nature of Montcalm County's current recycling program.

Please note that all Materials Management Planning Committee meetings are open to the public and are held on the fourth Thursday of every month at 2:00pm in the conference room on the third floor of the Administrative Building, 211 W. Main Street, Stanton MI. Meeting agendas shall be found on the County's website at: www.montcalm.us

If you feel so inclined, please post this notice on your website for all constituents to view. Should you have any questions or concerns, please feel free to reach out to me at 989-831-7398.

Respectfully,

Brenda A. Taeter
Controller/Administrator
